

**PETITION TO THE HOUSE OF COMMONS
IN PARLIAMENT ASSEMBLED**

We, the undersigned **Citizens of Canada** draw the attention of the House to the following:

WHEREAS, the Trudeau government is developing new building code regulations that will require costly mandatory energy efficiency renovations which will cause Canadians to potentially shell out tens of thousands of dollars when building, selling or renovating their homes.

WHEREAS these changes will negatively impact Canadian homeowners and those looking to achieve the dream of home ownership.

WHEREAS these changes will have a devastating impact on the retirement plans of Canadian seniors.

WHEREAS these changes will have a detrimental effect on the Canadian real estate industry.

WHEREAS the Liberals previously introduced new mortgage lending rules without proper consultations, another move which hurt Canadian homeownership and the real estate industry.

THEREFORE, your petitioners call upon Parliament to ensure that any new building code regulations will not have undue costly implications on homeowners, and that no changes are introduced until Canadians are properly consulted.
